Live out your *Wildest* dreams

Welcome to the Tanzania UK Roadshow 2026.

This year, we've included some exciting new brands and properties - including some you may not have come across before (but will be glad when you do!)

You'll be allocated a table number where to start – and you simply move around the room until you've seen everyone.

For every exhibitor, contact details have been included on their relevant pages, along with space for you to make notes.

Enjoy your day – we hope it proves to be a very valuable event for you.

Tim Henshall, Head of Tourism Marketing

Our Drinks Sponsor

Since founding Aqua Expeditions in 2007, Francesco Galli Zugaro's vision has been to curate intimate, luxury small-ship expeditions to some of the world's most remote and extraordinary destinations.

Off the coast of East Africa lies a hidden paradise of vibrant coral reefs, enchanting seascapes, and sun-kissed beaches scattered across islands of timeless beauty. Discover the remote archipelagos of Seychelles and Zanzibar, Tanzania aboard the luxurious Aqua Lares, the region's first superyacht to offer both private charters and individual cabin bookings.

Led by expert naturalist guides, explore a fascinating blend of nature and culture across the Zanzibar archipelago, where the ruins of a once-mighty sultanate lie hidden among lush green hills and mangrove forests. Uncover the legacy of ancient spice routes dating back to the Middle Ages, whose influence continues to shape the islands today.

On board, savour an exceptional culinary experience curated by Michelin-starred consulting chef Karime López, inspired by East Africa's coastal flavours and local ingredients.

Aqua Lares brings Aqua Expeditions' signature luxury, personalised service, and immersive exploration to East Africa.
